Mr. Michael Stransky
Policy Counsel
Senate Republican Policy Committee
347 Russell Senate Office
Washington, DC

Dear Mr. Stransky:

I am pleased to invite you to participate in the 19th annual Seminar for Senior Congressional and Executive Branch Staff, to be held on the MIT campus from noon on Wednesday, April 19, until noon on Friday, April 21, 2017. It is sponsored by the MIT Security Studies Program through an ongoing grant from the Frankel Foundation.

The subject of this year's seminar is "Nuclear Weapons in the 21st Century: Dangers, Strategies and Policymaking." Top outside experts and MIT faculty will focus on nuclear strategies, nuclear problem states like North Korea, homeland security and nuclear terrorism, budgeting and the U.S. weapons arsenal, and the future of nuclear power and its implications for proliferation. The seminar includes strategic, political, and military analysis. Experts at the MIT Lincoln Laboratory will review advanced technology developments that could produce new options for the American military.

As in the past, we are inviting Senior Congressional and Executive Branch staff from a variety of related policy areas and from committees that will be affected by policy choices that must be made. Participation is by invitation, with the number of attendees limited to encourage intensive interaction among participants, MIT faculty, and guests from industry and academia. Support from the Frankel (MIT) Global Policy Fund makes it possible for us to reimburse, as necessary, the cost of travel and hotel accommodations. We are carefully following Ethics Committee requirements and will provide you with the necessary forms to satisfy your particular ethics requirements.

The organizers of this year's seminar include Dr. Roger Petersen, Arthur and Ruth Sloan Professor of Political Science at MIT and Acting Director of the MIT Security Studies Program; Dr. Jim Walsh, Senior Research Associate at the MIT Security Studies Program; and Dr. Israel Soibelman, Assistant to the Director for Strategic Initiatives at Lincoln Laboratory.

If you would like to attend, you may apply no later than Friday, March 3, at http://www.regonline.com/2017_seminar, and you will be notified by Tuesday, March 8. If you are offered a place, this will allow sufficient time for filing the necessary paperwork with your Ethics Committee by March 18. Places are limited, so early application is strongly suggested. Harlene Miller at the MIT Security Studies Program will be happy to answer any questions, and she can be reached at 617-258-6531 or at harlenem@mit.edu.

My MIT colleagues and I look forward to welcoming you to MIT on April 19, 2017.

Sincerely,

L. Rafael Reif
